SAFETY DATA SHEET

OPSITE MOISTURE VAPOUR PERMEABLE SPRAY DRESSING

SECTION 1 – IDENTIFICATION OF THE MATERIAL AND SUPPLIER

1.1 Product Identifier

Product Identity: Opsite Moisture Vapour Permeable Spray Dressing
Alternate Names: Opsite Spray
Manufacturer’s Product Code: 66004978

1.2 Relevant Identified Uses of the Substance or Mixture and Uses Advised Against

Identified Use: Spray dressing for wounds. Always invert can for use.
DO NOT spray near eyes. Avoid inhalation. DO NOT spray near naked lights as contents are highly flammable. AVOID USE in confined spaces.

1.3 Details of the Supplier of the Safety Data Sheet

Company Name: Smith & Nephew Pty Limited
Address: 85 Waterloo Road, North Ryde, NSW 2113
Telephone: Customer Service: (02) 9857 3999
Toll Free (Australia): 13 13 60
Toll Free (New Zealand): 0800 807 663
Emergency Telephone: 02) 9857 3999 (business hours)

SECTION 2 – HAZARDS IDENTIFICATION

2.1 Classification of the Substance or Mixture

Flam. Aerosol. 1;H222: Extremely flammable aerosol.
Eye Irrit. 2;H319: Causes serious eye irritation.
STOT SE 3;H336: May cause drowsiness or dizziness.

2.2 Label Elements

Exempted from workplace labelling as this product is labelled in accordance with Therapeutic Goods Administration (TGA) requirements and is in a form and package intended for intake or administration to a patient or consumers, or intended for use for therapeutic purposes.
The product is labelled as follows:

Pictogram:

Signal Word: DANGER

Hazard Statements: H222 Extremely Flammable Aerosol.

Precautionary Statements:
[Prevention]:
P210 Keep away from heat / sparks / open flames / hot surfaces - No smoking.
P211 Do not spray on an open flame or other ignition source.
P251 Pressurized container: Do not pierce or burn, even after use.

[Storage]:
P410+412 Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.

SECTION 3 – COMPOSITION / INFORMATION ON INGREDIENTS

Substance/ Mixture: Mixture

</tbody>
</table>
SECTION 4 – FIRST AID MEASURES

4.1 Description of First Aid Measures

General
Remove patient to uncontaminated area wearing self-contained breathing apparatus. Keep patient warm and rested, seek medical aid.

Inhalation
Remove to fresh air, if unconscious move to recovery position. Seek medical aid.

Eyes
Remove contact lens(es) if present and easy to do. Flush with clean water for 10 minutes. Seek medical aid.

Skin
No first aid should be needed.

Ingestion
Do not induce vomiting. If patient vomits turn to recovery position. Give water to drink. Seek medical aid.

4.2 Most Important Symptoms and Effects, both Acute and Delayed
No health hazard is anticipated if used as directed, however avoid contact with eyes and inhalation. In low concentrations inhalation may cause narcotic effects. Symptoms may include dizziness, headache, nausea and loss of coordination. Extreme exposure through inhalation may cause asphyxiation, of which victim may not be aware. Acetone, ethyl acetate and dimethyl ether can degrease the skin. Prolonged inhalation can cause kidney and liver damage.

4.3 Indication of Any Immediate Medical Attention and Special Treatment Needed:
None

SECTION 5 – FIRE FIGHTING MEASURES

5.1 Extinguishing Media
Suitable extinguishing media
Use water spray, dry powder or vapourising liquid fire fighting equipment.
Unsuitable extinguishing media
Solid water stream

5.2 Special Hazards Arising from the Substance or Mixture
Containers may explode if incinerated. Undamaged aerosols are unlikely to be the cause of fire, but they can be ignited in a fire situation and contribute fuel to a fire. Aerosols containing flammable materials may produce a fierce fire with toxic gases evolved such as carbon monoxide and carbon dioxide.

5.3 Advice for Fire-Fighters
Wear self-contained breathing apparatus.

5.4 Further Information
Use water spray to cool unopened containers.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

6.1 Personal Precautions, Protective Equipment and Emergency Procedures

6.2 Environmental Precautions
Prevent leakage or further spillage if safe to do so. Prevent material from entering drains or water courses. Advise authorities if material has entered water course of sewer or has contaminated soil or vegetation.

6.3 Methods and Material for Containment and Cleaning Up
Contain and absorb using earth, sand or other inert material. Transfer to suitable containers for recovery or disposal according to local regulations then flush area with plenty of water.

6.4 Reference to other sections
None
SECTION 7 – HANDLING AND STORAGE

7.1 Precautions for Safe Handling
Handle carefully. Avoid puncturing the can(s). The wearing of eye protection and gloves is advisable. Avoid use in a confined space. Avoid inhalation of vapour or mist.

7.2 Conditions for Safe Storage, Including Any Incompatibilities
Store in a cool, dry place. Keep away from sources of ignition. Do not store near exits. Avoid storing in basements. Please note the product contains acetone which may react with non-latex / synthetic gloves.

7.3 Specific End Use(s)
See section 1.2.

SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

### 9.2 Other Information
No other relevant information.

### SECTION 10 – STABILITY AND REACTIVITY

**10.1 Reactivity**
Unreactive under normal conditions
10.2 Chemical Stability
Stable under normal/recommended storage conditions.

10.3 Possibility of Hazardous Reactions
No data available.

10.4 Conditions to Avoid

10.5 Incompatible Materials
The product contains acetone which may react with non-latex / synthetic gloves.

10.6 Hazardous Decomposition Products
Acetic acid, combustion will generate oxides of carbon.

SDS No. 01 Rev0

SECTION 13 – DISPOSAL CONSIDERATIONS

13.1 Waste Treatment Methods

Dispose of in accordance with local waste regulations.  
Never incinerate, even when empty. Local authorities may allow cans for recycling, landfill or normal refuse. May require notification for large quantities.

SECTION 14 – TRANSPORT INFORMATION

Classified as a Dangerous Good according to the Australian Code for Transport of Dangerous Goods by Road and Rail.

14.1 UN Number  
14.2 UN Proper Shipping Name  
14.3 Transport Hazard Class  
14.4 Packing Group  
14.5 Environmental Hazard  
14.6 Special Precautions for User

SECTION 15 – REGULATORY INFORMATION

This product is registered as a medical device in Australia.

Poison Schedule  
Not a Scheduled Poison.

SECTION 16 – OTHER INFORMATION
